CECCHI

LA MORA
Toscana IGT
2023

Harvest notes: The 2023 vintage was characterized by a fairly mild winter with little rainfall and temperatures above the seasonal average. Spring, on the other hand, was marked by cool weather and heavy rainfall, which slowed the growth of the vines. During May, temperatures returned to average levels, and the summer was hot and typically Mediterranean, with sporadic rain. This seasonal pattern ensured a slow and gradual ripening of the grapes, which at harvest were perfectly healthy and exhibited excellent varietal expression.

Tasting notes: It has a purple color with violet hues. On the nose, fruity and floral aromas reminiscent of cherries, wild berries, and violets, with blackberries and spicy notes taking center stage. On the palate, it is enveloping, smooth, and pleasant, displaying a high-quality structure that enhances the fruity notes and its long finish.

Pairings: A versatile and enjoyable red wine, perfect for everyday meals, from pasta and meat sauces to grilled meats, as well as cold cuts and cheeses.

Serving temperature: 16–18°C
Alcohol content: 13.5% vol.
