LA CAMPANA
Montefalco Bianco DOC
2025

Harvest notes: The growing season of 2025 was marked by great balance, both during the spring—which saw abundant rainfall that ensured a steady water supply over time—and during a cool summer, which was also punctuated by sporadic rain showers. June began with temperatures above the seasonal average, but the rains in early July brought temperatures back in line with milder Summers. The grapes at harvest were truly excellent in terms of both health and ripeness, having maintained a good balance throughout the plant's growth cycle.

Tasting notes: La Campana Montefalco Bianco is straw-yellow in color with golden highlights. On the nose, it offers notes of white flowers, citrus, and tropical fruit. On the palate, it is full-bodied, fresh, and savory. The finish is long and vibrant.

Pairings: pairs well with light appetizers, delicate pasta dishes, fish, and white meats.

Serving temperature: 10–12°
Alcohol content: 13% vol.
