Vintage notes: Winter 2021 was characterized by mild temperatures and average rainfall, essential for a prosperous growing season. Spring, with cool temperatures, led to a slight delay in the budding and flowering phases. During the summer months, high temperatures and little rainfall created the ideal climate to ensure excellent maturation.

Tasting notes: La Mora Merlot possesses all the varietal characteristics and those of Maremma where it grows, possessing an intense, deep purple red hue. Perfectly balanced, fruity, and complex, La Mora is a silky wine rounded out with fine and velvety tannins.
